

ADVANCE CARE PLANNING COMMUNITY PARTNERSHIP

Purpose

The Advance Care Planning Community Partnership is a broad coalition of healthcare, faith, and legal professionals who promote, advocate, and share information that improves advance care planning outcomes in our community.

Function

- To identify and jointly address important local and national advance care planning issues
- To promote a patient-centered advance care planning process
- To share and communicate relevant knowledge, resources and expertise
- To increase the number of people in the community who have communicated and documented their plans for future healthcare

Organizations represented include:

Aging Wisely
Baycare Health Systems
Bayfront Hospital
Countryside Cancer Center
